

Our Membership Philosophy

We always strive to create memberships for every facet of golfer.

We understand that everybody's life is different and each one comes with individualized challenges and tribulations. As the only public golf course in Flagstaff, it is our duty to supply the community with an exciting experience while still focusing attention on the regulars and members that we have acquired. We emphasize a small community-oriented, private customer service...but open to ALL people of ALL skill levels.

Please talk to any of our associates to find out what the best membership option is for you and your family!

Weekday Membership

This is the perfect membership for the player that doesn't want the weekend crowds, plays in leagues, and likes a more relaxed weekday environment.
